**Subject:** CA: 261-2022-2 Expand Icicle River

PIT tag return expansions destined for the Icicle River indicate a strong return of at least 8,599 spring chinook. Leavenworth NFH has collected over 400 adults for early run broodstock and indicates they are comfortable with the PIT expansions and conversion to Icicle Creek that broodstock will be obtained throughout the run. Therefore, the Fish and Wildlife Committee hereby authorizes the modification of the Icicle River subsistence fishing regulations to allow expanded weekly openings on the Icicle River to:

**5am Mondays to 9pm Saturdays** effective May 24, 2022 through July 30, 2022. **“Double or treble hooks are prohibited”**. All other regulations in section II.C of T-59-22 remain unchanged. Regulations are pursuant to Title 32.14 of the Revised Law & Order Code of the Yakama Nation. Authority to enforce these regulations is provided under Section 32.18.07 of the Code. Violations of any of these regulations are punishable under Section 32.18.07 of the Code.
